You will enjoy engaging and inspiring social, learning, and volunteer opportunities in a warm and personal setting.

Affiliation, upbringing, amount of knowledge, or relationship status are not factors of acceptance.

ABOUT JBN

Jewish Business Networking (JBN) was created with an understanding that the greatest way for us to do the Mitzvah of Tzedakah is by helping a fellow community member expand and grow their business. Torah believes the more you help others' business grow, the more your business will grow with Hashem's help. The group was formed to strengthen the business connections among members of the Chabad Upper East Side Young Professionals community and its close friends. It is with the recognition that business requires trust that JBN was created. This group of trusted professionals will be come to find intersecting opportunities to help generate transactions for all those involved. B"H one day, may our business efforts lead us towards furthering our community's goal of having a center and increased resources.
